Stelios Mourtzakis, MD, PhD,
Mitera Hospital, Athens, Greece

Petros Syrios, MD, PhD Mitera
Hospital, Athens, Greece

Konstantinos Syrios, MD, PhD,
Mitera Hospital, Athens, Greece

Ioannis Vlachodimitris, MD, PhD,
Mitera Hospital, Athens, Greece

Program Description

The remarkable progression of hysteroscopic techniques and instruments has inspired the experts to design an intensive course with major attention to the hands-on training and live surgical demonstrations. The limited number of 8 participants and the established experience of the program coordinators guarantee the most efficient learning effect.

Learning Objectives

The main idea for these advanced courses is a peer- to-peer concept. This means keeping the number of participants very low in order to further increase the level of interaction. Having only eight participants allows you to join Dr. Stefanos Chandakas and his associated faculties directly in the OR during the procedures as opposed to watching live surgery in lecture rooms.

Being in the OR facilities gives you the opportunity to observe the doctors, their operating room setup and the equipment they use.

Also, you have the chance to ask all your questions immediately. This is particularly attractive in this course as it takes place in the Mitera Hospital in Athens, where state of the art equipment and facilities are available

Participants

The training is designed for a group of max. 8 participants.

Learning

Prior to the session, pre-learning materials will be provided to enhance Your understanding. Please, review these materials before the training occurs.

Language

The training will be conducted in English.

REGIONAL MET in Operative Hysteroscopy

Wednesday, 09 October 2024

Time	Location	Topic	Presenter
2:15 PM	Louros Seminar Room	Welcoming and Introduction	Stefanos Chandakas, MD, MBA, PhD, Director of the Course Professor Takis Skandalakis, Head of HEAL Academy Andreas Kartapanis, CEO Hygeia Group Stavros Siougioultsis, COO, Mitera Hospital
2:45 – 3:15 PM	Louros Seminar Room	Overview of Hysteroscopy Diagnostic vs. Operative Hysteroscopy Indications Contraindications Instrumentation Preparation	Konstantinos Syrios, MD, PhD
3:15 – 3:45 PM	Louros Seminar Room	Basic Techniques Common Procedures Advanced Techniques	Panagiotis Sklavounos, MD, PhD
3:45 – 4:00 PM	Louros Seminar Room	Coffee break	All
4:00 – 4:30 PM	Louros Seminar Room	Indications and Patient Selection Techniques Procedure Steps Complications and Management Asherman's Syndrome	Stelios Mourtzakis, MD, PhD
4:30 – 5:00 PM	Louros Seminar Room	Asherman's Syndrome Surgical Techniques Postoperative Care Outcomes	Petros Syrios, MD, PhD

REGIONAL MET in Operative Hysteroscopy

Wednesday, 09 October 2024

Time	Location	Topic	Presenter
5:00 – 5:30 PM	Louros Seminar Room	Indications Methods Technique and Steps Outcomes and Complications	Ioannis Vlachodimitris MD, PhD
7:45 PM	Restaurant	Dinner	All, optional

Thursday, 10 October 2024

Time	Location	Topic	Presenter
8:30 AM – 2:00 PM	Operating Rooms, Mitera Hospital	Live Demonstration	Stefanos Chandakas, MD, MBA, PhD Konstantinos Syrios, MD, PhD Petros Syrios, MD, PhD Panagiotis Sklavounos, MD, PhD Stelios Mourtzakis, MD, PhD Ioannis Vlachodimitris MD, PhD
2:00 – 2:30 PM	Mitera Hospital	Diplomas and farewell End of course	All

REGIONAL MET in Operative Hysteroscopy

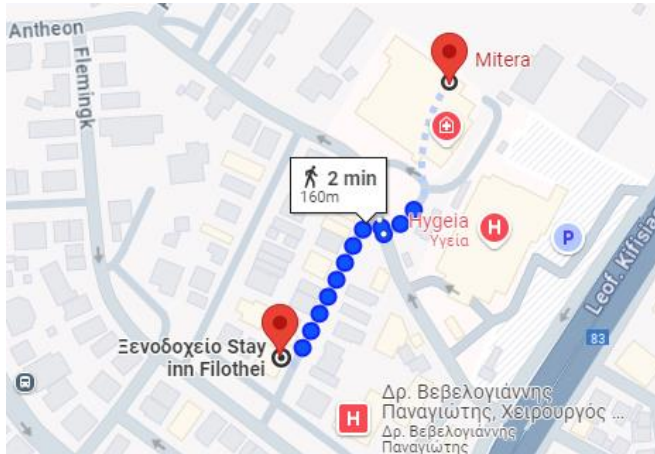

Course Venue
Mitera Hospital
6 Erythrou Stavrou
Str. GR 151 23
Marousi, Athens

Hotel
Stay inn Filothei,
Ippokratous 3
Marousi 151 23,
Athens

Restaurant
Mezedopoleion "Piatsa Mezedaki"
Ionias 35 and Proussis 15
Nea Filadelfeia

Special requirements

All attendees of Live Demonstrations in Operating Room must bring **negative PCR test**, not older than 48 hours. **Rapid PCR test at Mitera hospital** can be arranged with 5-days prior notice. Testing will be possible in the early morning hours of October 9.
